

The shortlist is a working tool. There still can be a few books added. It is short. The titles of the books are shortened, only a few of the authors are listed, the name of the publisher is short. It is adapted for English readers. We try to identify the book with very short data. You can easily find more detailed information on each book from Internet, using the shortlist as a basic reference.

It is a step towards the Best in the World. It does not include all the winners by country. It gives an idea of the scope of the competition. All three top winners in a category have the same rights to the Best in the World certificates and stickers. The quality of the top three is usually very close

The Awards Ceremonies for categories A06- Special Awards and all F categories are May 27, 2017, at Yantai Wine Bay, in China. All other categories are May 28, 2017 at the same place. At the event, only the Number 1 Best in the World is called to the stage. The exceptions are A06-Special Awards, and F Fund raising and Charity books.

After the awards ceremony, there is a special small podium for photos that can be used by all guests who are present. The top three who are present get free certificates.

The Best in the World are announced publicly at the event on May 27- 28, NOT BEFORE, Only A01 Most Important, A02 Hall of Fame, A06 Special Awards are communicated before May 27-28: The Best in the World list will be May 30 on our website [www.cookbookfair.com](http://www.cookbookfair.com)
